Professional Summary

Computer Science undergraduate with a strong foundation in cybersecurity, risk management, Linux administration, networking, and security automation. Hands-on experience building cybersecurity tools, automating workflows using Python, and working with Docker. Passionate about helping organizations improve their security posture through security assessments, compliance support, policy development, vulnerability management, and risk analysis.

Core Competencies

Cybersecurity: Security Assessments, Vulnerability Assessment, Risk Assessment, Security Monitoring, Incident Response Fundamentals, Security Documentation, Threat Intelligence.
Compliance: NIST CSF (Foundational), ISO 27001 (Foundational), CIS Controls, Security Policy Development, Audit Support.

Networking: TCP/IP, DNS, HTTP/HTTPS, SSH, VPN, Firewalls, Wireshark.

Programming: Python, Bash, SQL, JavaScript.

Tools: Docker, Git, GitHub, Postman, Nmap, Burp Suite, OWASP ZAP.

Projects

AI Resume Screening & Security Evaluation System

Built an AI-powered resume evaluation platform using Python, Flask and LLM APIs. Automated candidate ranking, generated hiring reports, and designed REST APIs.

Docker-Based Cybersecurity Lab

Built isolated Linux environments using Docker, practiced secure configuration, log analysis, and documented security procedures.

Network Security & Reconnaissance Toolkit

Developed Python scripts for network discovery, service enumeration, structured assessment reporting, and automation.

Linux Security Automation Toolkit

Automated Linux security tasks including permission auditing, log monitoring, and system health checks.

Education

Bachelor of Engineering (Computer Science & Engineering)

Chandigarh University

Expected Graduation: 2026

Technical Skills

Python, Bash, SQL, JavaScript, Linux, Kali Linux, Ubuntu, Windows, Docker, Git, Networking, Risk Assessment, Security Monitoring, Vulnerability Assessment, Security Documentation.

Certifications (Planned)

ISC² Certified in Cybersecurity (CC), Google Cybersecurity Certificate, AWS Cloud Practitioner, Cisco Networking Basics.

Soft Skills

Analytical Thinking, Communication, Technical Documentation, Problem Solving, Team Collaboration, Adaptability, Continuous Learning.
